Report of Principal and School Improvement Council

J. L. Cain's faculty and staff are committed to meeting the academic, social and individual needs of all students. The goal of the faculty and staff is to teach, nurture, and motivate each student to become a successful life-long learner. Cain Elementary offers an environment that is safe, student-centered, challenging, engaging, and meaningful. Parents and community members have assisted in meeting students' needs by providing support through the Title 1 Management Team, PTO, School Improvement Council, committees, volunteers, conferences, and special events.

J. L. Cain is a Title 1 School that supports professional growth by providing professional development opportunities based on teacher/student needs and best educational practices. The teachers participate in courses, conferences, workshops, grade level meetings, and book talks during the school year and summer to become more knowledgeable in best practices. These best practices are used to enhance student learning in English Language Arts, math, science, social studies, technology, and higher order thinking skills. As a result, there has been an increase in student achievement in English Language Arts, math, and science.

J. L. Cain's curriculum and instruction are based on the South Carolina Standards in all subject areas. The curriculum and instruction also include a balanced literacy model, math problem solving, higher-order thinking and reasoning skills, spiraling, integrating technology, character education, student/teacher conferences in reading and writing, and a positive approach to discipline. An ELA transition class was offered in first grade to provide remediation for struggling readers. Literacy groups were also offered to provide more opportunities to work with small groups of students to increase reading achievement.

Students, faculty, staff, and parents participated in several service learning projects to promote community involvement and to build character. Some of the projects included: Jump Rope for Heart; American Cancer Society Relay for Life; Operation Christmas Child; Math-A-Thon; and collecting items for needy families at Christmas. The students also participated in the district-wide art contest, Safe Kids Calendar Contest, the Governor's Citizenship Award, Terrific Kids, and Students Taking Action, Not Drugs.

Cain Elementary also provided opportunities for students to participate in extra-curricular activities, such as: grade level field trips, musical performances, book club, art exhibitions, Artist in Residence Program, Fine Arts Night, and May Day Program. These activities have helped to instill a sense of pride and respect for self and others.

J. L. Cain will continue to set goals to improve student achievement, to build home-school-community relationships, and to provide a strong academic learning environment that meets the needs of all students.
